## **700CREDIT CONSUMER DISPUTE POLICY**

We will investigate the disputed information free of charge. Our procedure is to review the disputed information within 5 days. We will contact the dealership which placed the inquiry on your file and each national credit repository (Experian and/or Trans Union) with the information that is the subject of your dispute.

They will complete the reinvestigation within 30 days from the day they receive the notification of your dispute. Once completed, they will forward the results of the dispute to us. We will then provide you with the investigation results we received from the dealership and the national credit repositories.

Please note that 700CREDIT does not maintain a database from which new consumer reports are produced. Rather, each time we prepare a consumer report, we utilize the information from one or more of the national credit repositories.

Please note that if you provide us with additional, relevant information prior to the time of completion of the original investigation, the time period for investigation may be extended. For further assistance please contact our consumer support at:
